FRIDAY, MAY 14 1909.

The man who advertises gets the business, but he must not expect big returns from a little ad, nor can he expect returns from an ad that is never changed. He must make up his mind that he is going to tell the people all about his business, and not only once but every week and fairly pound the fact in than that he is there for their trade and will do anything within reason to obtain it. Another thing—don't hand your local newspaper man a dollar or two and then sit back and wait results, for while you get them in a way you are overlooking the fact that the readers of the paper have read your ad once or twice and are watching to see what you have to say next time. The man who does not advertise is sure to fall by the wayside, while those who keep persistently at it and conduct their business on a systematic basis will thrive. Now is the time to attract attention to your business. Get up a line of advertisements that are attractive and give them a test for one year and we are sure you will be satisfied with the results.

Mail, Sonoma Day

Now is the time to demonstrate your interest in the welfare of Sonoma. Now is also the time to increase the value of your property, for in beautifying Sonoma's plaza you create a greater demand and a higher price for all property within a radius of many miles, and when interviewed this week by the committee in charge consent gladly to do their bidding. Don't make excuses, for you can surely spare one day, even though this is the busy time of the year, to work for so just a cause.

Stand up for Sonoma and shout for Sonoma Day—the day of all this month, when we citizens must join hands and work in unison.

School Census

Two school districts have failed so far to file the County Superintendent of Schools De Witt Montgomery the reports of the school census marshal and in several other cases the report had to be returned for certain corrections and have not yet been sent back. The consolidation of the reports to be forwarded to the State Superintendent has not yet been begun, but from all appearances there has been a neat increase over the figures of last year for Sonoma county.

The various incorporated cities and towns show the following figures for the two years.

Towns	1908	1909
Santa Rosa	1920	1910
Petaluma	1402	1334
Healdsburg	557	593
Sebastopol	353	402
Sonoma	295	307
Cloverdale	236	247

*Decrease for this year.

District Agent Forsyth and Traveling Representative Shoup and Ross will visit Sonoma as advance agents and help work up interest in special.

Clewe-Smith Nuptials

Once more a charming and esteemed young lady has been led to the altar by a prominent business man of our city and this time Miss Harriet Porcher Smith, of Santa Rosa and William Clewe of this city are the happy couple.

At half past eight Wednesday evening the Church of Incarnation in Santa Rosa was filled with friends and relatives of the participating parties, viewing the magnificent display of decorations. It was a pink and white affair and roses and sweet-peas being prominently grouped showing their white purity and filling the building with their fragrant odor.

At the appointed time the bridal party entered the church to the music of Herrgrin's wedding march, the ushers, Press Smith, Lessee Smith, Gaillard Du Bose and E. C. Leichter led the procession, followed by a charming little flower girl, Miss Margaret Collier, a niece of the bride. Next came the bridesmaids, Miss Harriet P. Smith and Doris Clewe, being immediately followed by the maid of honor. The bride followed leaning on the arm of her brother, Temple Smith, who gave her away. Her gown was of a beautiful white silk with a bridal veil of tulle enshrouding her and in one hand she held a bouquet of Alpine violets.

As the party neared the chancel steps they were met by the bridegroom and his bestman, Earnest Clewe. The Rev. G. Marshall Cutting, of San Rafael and Rev. G. T. Baker officiating.

After the ceremony, which was beautiful, the happy couple and their most immediate friends and relatives drove to the home of the bride's mother and there enjoyed a reception and viewed the many beautiful and valuable presents.

Thursday morning Mr. and Mrs. Clewe departed on their honeymoon and will stop at Shasta Springs and from there will go to Seattle and other places on the Sound.

The bride is the daughter of Mrs. R. Press Smith. Her life has been spent in Santa Rosa and is she esteemed and loved by those fortunate enough to be called friends and is a lady of sweet temper and a lovely disposition and we voice the sentiment of the entire valley in wishing her much joy and incidentally welcome her to our midst as a future resident of Sonoma.

The groom is well known and liked here and it is not necessary to say that he is a man of excellent business ability and integrity and the vast number of friends and relatives join the EXPOSITOR in extending him congratulations. May your whole lives be as the beginning, strewn with white roses are the wishes of all.

Many relatives and friends from Sonoma attended the ceremony and added their quota to the presents.

John B. Frisbee

News of the death of General John B. Frisbee was received from Mexico City on May 11. Many of the old residents of California recall incidents in the life of this man, who was so closely connected with the early history of California.

He was Captain of Company H. of the New York regiment the first United States troops to come around the Horn to California, and while still very young married a daughter of General Vallejo. In 1849 he ran against John Mc Dougal for Lieutenant-Governor, but was defeated. In 1850 he aided Vallejo in a plan to move the Capital from San Jose and qualified on Vallejo's bond to the extent of \$75,000.

He was known as "Father of Vallejo," because of his tireless efforts in behalf of the struggling town of early days.

He was instrumental in the building of one of the links in the Central Pacific Railroad and was first vice president of the Central Pacific, of which he owned 18,000 shares.

To secure the establishment of the Mare Island Navy Yard he purchased the island and pulled sufficiently powerful wires in Washington to have it made the naval station of the Pacific.

He died at the age of 86 years. He was a brother-in-law of Mrs. L. V. Emparan and an uncle to Carlos and Rael Emparan of this city.

High School Report.

"No University Man." Yet!

The Wednesday afternoon talk was postponed by Pro. Russell this week, in order to give the needed time to those taking part in the High School play.

Plenty of material has been handed in for the "Golden Bear." This year's paper promises to excel the first effort from start to finish. We hope that the Sonoma people will support the paper as satisfactorily as last year.

Several times we have asked the citizens of this town to honor us with a call, but so far very few have visited us. Are you not interested in school? The way to spoil the reputation of a school is to show no interest in it. We are not as far gone as we appear. Visit us and you will be heartily welcomed.

Next Saturday morning at 7:30 A. M. a jolly crowd of girls will be driven to Santa Rosa in Jos. Ryan's big hack. The girls intend to hold up the Sonoma High School boys taking part in the track meet. Mrs. Kathryn E. Buchan and Mrs. Robert A. Poppe have kindly consented to act as chaperones. A very jolly time is anticipated and we sincerely hope that the cry of those returning tonight will be:

Rah! Rah! Rah!
Rah! Rah! Rah!
Zih! Boom! Ah!
Vic-tris!
ANA NIAS.

Two weeks ago he left at the Graham home another son a strapping boy which made M. Graham feel a man of much importance. Last week at the Hopkins home came the first boy and made Mr. Hopkins get such a big head that he has to order larger sized hats now. On Wednesday evening he left a bouncing boy at the home of E. O. Gates and it is needless to say the least how big Mr. Gates is now, but we hear he expects to go in the chicken business on a very large scale and is ordering his business cards E. O. Gates and Son.

THE SECRET OUT.

A Wide Open Statement.

To refute the many false and malicious attacks, rumors and other intentional statements published concerning Dr. Pierce's Golden Medical Discovery, the doctor has decided to publish all the ingredients entering into his famous "Prescription" for weak women and his equally popular tonic alternative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native medicinal roots.

The ingredients of the "Golden Medical Discovery" being a non-alcoholic extract of Golden Seal root, Queen's root, Black-cherry bark, Mandrake root, Blood-root and Stone root, preserved by chemically pure glycerine.

Dr. Pierce's Golden Medical Discovery, being made of native medicinal roots, is sent to Nature and is the best tonic you can use. It fills the blood with rich, red blood corpuscles. It gives you a feeling of strength, and it puts sunshine into your system as no other remedy can.

That is why Dr. Pierce's Golden Medical Discovery has been such a favorite for the past forty years among men and women who are either healthy or handicapped by some impurities in the blood, for it will show in pimples, boils, and eruptions in the dark circles under the eyes and in the sallow complexion. After taking "Golden Medical Discovery" you are bound to have pink cheeks and a fresh complexion. The muscles get the good, rich, red blood, that puts on strength. It is a flesh builder, not a fat builder.

As an example of the good results thus obtained, note the following letter:

"In the year 1887 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good." writes Mr. G. Trent, of Gordonsville, Texas. "I wrote to you and advised me to use Dr. Pierce's Golden Medical Discovery. I bought six bottles, and when I commenced using it I was so well I could hardly walk about the house. By the time I had used one bottle my stomach and bowels com-

menced to heal. There were strips of the lining of my bowels as large as a man's two fingers passed and I had a great deal of mucus in my stomach and bowels and also the rectum especially. I could not eat anything but soft food and I was very weak, but by the time I had taken eight bottles of the "Golden Medical Discovery" I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since."

ANALYSIS OF KNOWN COMPOSITION.
If suffering from an obstinate malady which would one naturally prefer to take a medicine of known composition, every ingredient of which has the endorsement of the most eminent medical practitioners and writers, or one which, for aught you may know, may be made up of very inefficient and even harmful agents? Is it not best to trust upon knowing what one is taking, as is every one's right, whether being prescribed for by the family physician or making use of a proprietary remedy? We think so, especially in view of the disparaging articles concerning various advertised remedies with which the drug and medical journals have been filled for months past. Doctor Pierce courts the severest criticism of the medical profession as to the value of his published formula, confident that he will receive fair treatment from all fair-minded, well qualified brethren of the medical profession who cannot be blamed for not analyzing medicines of the composition of which they and the people are kept in ignorance.

These are the Original Little Pills, first put up over 40 years ago, by Dr. R. V. Pierce. They have been much imitated but never equaled. Each consists of a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, biliousness, sick headache, and all derangements of the bowels are promptly and permanently relieved, and cured. Permanently cured, too, by their mild and natural action, these Little Pills gently lead the system into natural ways again. Their influence lasts.

An extensive system of government roads that would make the Yosemite one of the most popular playgrounds in the world is the scheme of John Muir. Muir's idea is to have a coaching system for the Yosemite Valley and adjacent Sierra county on the same scale as that of the Yellowstone Park, only the roads in the Yosemite would run through unsurpassed mountain scenery and giant forests instead of by hot springs and geysers. The road would embrace Crocker's, the Tuolumne and Merced groves and wind up at El Portal, where the present fifteen mile road for the valley begins.

It has been learned that the superintendent of the Asylum at Napa asked the board of managers of that institution to take up the matter of blacklisting the attendants who resigned at Ukiah to determine whether such a thing can be done, and that the affair had been placed before the State Commission in Lunacy, who will make a thorough investigation of the conduct of the Ukiah asylum. The city papers have stated that the date for the investigation has been set but we are unable to confirm this. Anyway, the report has caused considerable uneasiness among the higher ups connected with the institution.

There isn't any guess work about Kodol. We do not say to you, that it may be or might cure your dyspepsia—we say it will. We know it will, because it is made to digest food you eat, and when your food digests you can't have indigestion—that's all interjection is—your stomach fails to digest your food. Heart burn, sour risings, belching, dull, heavy feeling and such things are all caused by indigestion. Kodol stops them by digesting all the food you eat. A teaspoonful of Kodol digests 24 pounds of food. It is a pleasant, palatable, liquid combination of natural digestive juices and vegetable acids. Sold by all druggists.

Forbes H. Brown, secretary of the Affiliated Temperance Committee of Vallejo has filed with the Board of Trustees a petition that all saloons be closed from 6 P. M. Saturdays to 6 A. M. Monday morning. Although the communication has simply been received and filed by the city fathers, it is anticipated that it will be the beginning of a hot war which will be waged there regarding the liquor question.

You ought to have Kodol handy all the time. Everyone at some time—and you can't tell when—has poor digestion, due to many different things, but mostly to eating excessively, or eating wrong kind of food. These little attacks of indigestion are what bring on other ailments, such as other acute indigestion, chronic dyspepsia, and even more serious permanent illness. Kodol is guaranteed to give relief. Try it today. Sold by all druggists.

H. H. Brown, former president of the Bank of Calistoga, who is under indictment on three counts for embezzlement, will be tried in the federal courts on two counts and the state courts on the third. Judge Gelford in the superior court overruled Brown's demurrer last week, to an indictment charging embezzlement of \$5,300 in 1908, on the ground that the bank of Calistoga was then a state bank.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh cure, manufactured by F. J. Cheney & Co., Toledo Ohio is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.
